OBJECTIVE

Software Engineer proficient in Python, Django. Passionate about building scalable, efficient solutions and optimizing workflows for maximum impact.

EDUCATION

Bachelor of Technology, Dr. APJ Abdul Kalam Technical University   2021-2025
Grade: 7.2
Relevant Coursework: Artificial Intelligence, Data Structures and Algorithms, DBMS, OOPS, Operating System

High School, NVM Sr.Sec.School   2021
Class XII: 94.4 %, Class X: 94.8 %

SKILLS

Technical Skills	C/C++, CSS, Django, Docker, Django Rest Framework, Data Structures, HTML, JavaScript, Python, RestAPI, SQL
Soft Skills	Communication, Event Management, Team Leadership
Other Skills	Git/GitHub, MS Excel, Numpy, Pandas, Postman, VS Code

EXPERIENCE

Intern   October 2024 - December 2024
DocsTribe AI   *Gurugram, India*

- Added functionalities and automated data flow, optimized the patient conversion process (OPD to IPD), enhancing efficiency. Improved data accuracy by 20% using Python and Pandas.

PROJECTS

Real-Time Mapping with OpenStreetMap. Developed for the SDE-1 Backend Assignment at Coreshield Technology, this Django-based Real-Time Mapping application leverages LeafletJS, OpenStreetMap, and Docker for live location tracking, route estimation, and user-defined closed areas. [Git Hub](#)

Advance Expense Tracker Built with Django, the Advanced Expense Tracker streamlines expense management with features to add, edit, and categorize expenses. It provides real-time visual insights through interactive charts and automated summaries. [Git Hub](#)

Your-Eye Developed a Flutter-based UPI payment solution integrating Braille language for visually impaired users. Implemented a three-finger touch interface for PIN entry. Won Code-a-Thon and Prod-G hackathons, was a finalist at Innohacks 2.0, and presented a research paper at the 8th ICMETE 2024 based on this project.

ACHIEVEMENTS

- CODE-A-Thon Winner: Achieved first position out of 153 registered teams
- PROD-G Winner: First position out of 100 teams in a national-level competition organized by IIT Roorkee.

CERTIFICATION

- Meta Backend Developer [Certificate Backend Developer Meta](#)
- MySQL [Certificate MySQL Udemy](#)

LEADERSHIP

- **Head Coordinator at Big Data Centre of Excellence**
